Axis Health ATM

A step into the future.

Axis Solutions Health ATM is a user-friendly self-service kiosk that provides accessible and convenient healthcare services, addressing basic health check-ups in both rural and urban areas. It offers diagnostic tests, telemedicine consultations and more bridging the gap in healthcare accessibility for diverse communities.

PATIENT JOURNEY

BENEFITS

Portable and Compact

Require minimal set up space making it a perfect aid to ngos, government and insurance companies to carry out door-to-door as well as remote area checkups and health camps.

Impact Analysis

Axis On Cloud data platform enables CSR, NGOs, and Governments to generate Impact Analysis reports for their healthcare delivery programs which in turn improve their operational performance at the grassroots level

Instant Health Report

With advanced integrated point of care devices, Axis Solutions Health ATM helps generate instant health report of over 60 parameters. This reduces turn around time, increases affordability of tests and minimises error in report generation.

Digital health record

Digital health records help replace the traditional pen-paper method, reduce human errors, optimize man power and provide instant access to data.

Easy to Use

Minimal training and local language support makes machine easily operable by even unskilled personnel.

GENERAL BODY CHECKS

- › HBA1C

ENABLING TELEMEDICINE

**Automated health
screening**

**Instant delivery of
medicines**

**Instant health report
and prescription**

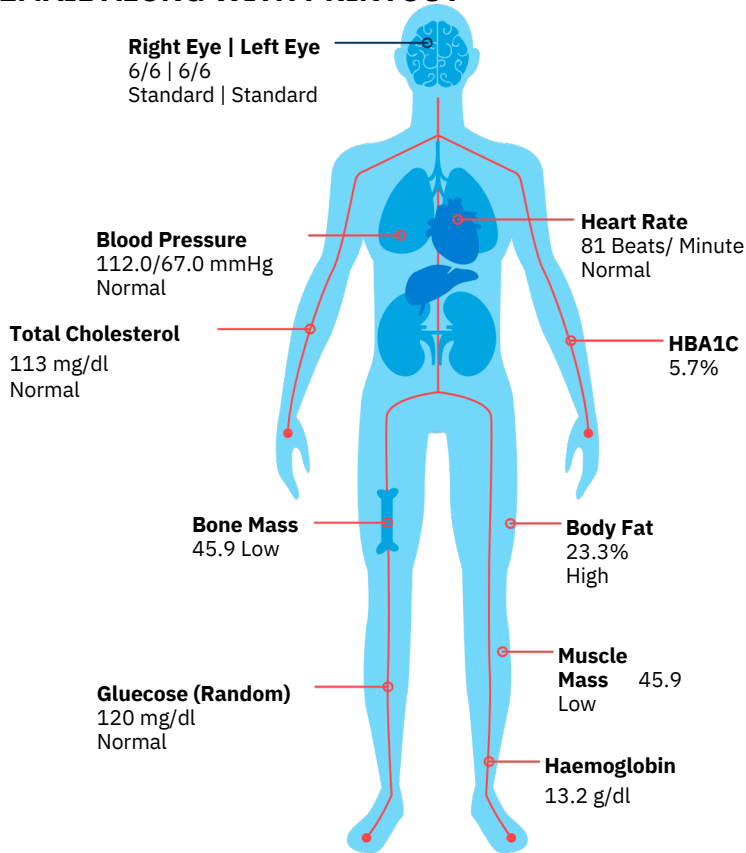

**Manage and monitor
your health on
Mobile**

**Live video-consultation
with doctors**

SMART MEDICAL REPORT OVER WHATSAPP, SMS
& EMAIL ALONG WITH PRINTOUT

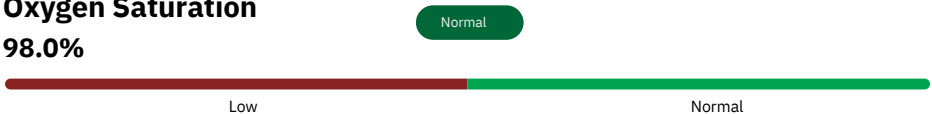

Low-density lipoprotein (LDL) Cholesterol
72 mg/dl

This is referred to as “bad” cholesterol. Too much of it raises your risk of heart attack, stroke and atherosclerosis.

Oxygen Saturation
98.0%

Oxygen saturation is a measure of how much oxygen the blood is carrying as a percentage of the maximum it could carry. Low level of oxygen saturation can cause mild problems such as headaches and horthness of breath.
